Here's the iframe and the local video that I've put in my website:

iframe:

```
<section class="container">
  <iframe width="450px" height="250px" src="https://www.youtube.com/embed/DD2Lc2zf11w" frameborder="0" allowfullscreen ng-show=
  <iframe width="450px" height="250px" src="https://www.youtube.com/embed/FHkhUf7cGX8" frameborder="0" allowfullscreen ng-show=
  <iframe width="450px" height="250px" src="https://www.youtube.com/embed/ufj0urdr_rs" frameborder="0" allowfullscreen ng-show=
  <iframe width="450px" height="250px" src="https://www.youtube.com/embed/EC6pco81WHg" frameborder="0" allowfullscreen ng-show=
  <iframe width="450px" height="250px" src="https://www.youtube.com/embed/jI1golUnRTk" frameborder="0" allowfullscreen ng-show=
  <iframe width="450px" height="250px" src="https://www.youtube.com/embed/qiQPvvL3HoA" frameborder="0" allowfullscreen ng-show=
</section>
```

Local file video(mp4):

```
<video controls loop plays-inline id="dancevid">
  <source src="videos/10000000_7594869773874791_5980242070762553624_n.mp4">
</video>
```
